Section A

A. Deciding Whether to Enroll in the College of the Atlantic Student Health Insurance Plan or Waive Coverage

Each year, you must decide whether to enroll in the College of the Atlantic Student Health Insurance Plan or waive coverage under that Plan if you already have comparable coverage. The following questions and answers may help you make that decision.

1. Do I have to enroll in or waive coverage under the COA Student Health Insurance Plan (COA SHIP) and what are the deadlines?

Yes, all registered students, including those enrolled in the Senior Project, taking 2 or more credits are required to have health insurance either through the COA SHIP or through another individual or family plan that is considered “comparable coverage”.

All registered students taking 2 or more credits, including those enrolled in the Senior Project are required to complete the enrollment/waiver process for COA’s SHIP annually. During this process, you may enroll in the COA SHIP or waive the Plan, provided that you have your own comparable coverage.

For students attending COA this fall, the deadline for enrollment or waiver request is **August 15, 2022**. **If you do not enroll or complete a waiver by the deadline, you will be automatically enrolled in the Plan and will be responsible for the \$2,628 premium for coverage effective August 15, 2022 through August 14, 2023.**

2. Why does COA require health insurance for students taking 2 or more credits (including those enrolled in the Senior Project)?

COA requires that students taking 2 or more credits and those enrolled in the Senior Project to have comprehensive health insurance coverage while enrolled, including coverage for both emergency and non-emergency care, to ensure that you have coverage for local care to meet your health care needs while at college.

3. If I am a registered international student enrolled in 2 or more credits, and/or the Senior Project, do I need to enroll in or waive coverage under the College of the Atlantic Student Health Insurance Plan (COA SHIP)?

Yes, if you are a registered international student enrolled in 2 or more credits and/or the Senior Project, you are required to complete the enrollment/waiver process. The vast majority of international students will need to enroll in the COA SHIP. Only those international students who are covered by an embassy-sponsored health plan or other comparable coverage that is based in the United States are able to waive coverage under the COA SHIP.

4. Can my parent complete the waiver or enrollment process for me?

No, while it is a great idea to have your parent involved in helping you decide whether to enroll in the COA SHIP, privacy laws require that you complete the waiver or enrollment process. There are instructions on how to complete the enrollment or waiver process in **FAQ B-13**.

If you are covered as a dependent on your parent's employer group medical insurance plan, you might have limited information about the medical insurance. With parental involvement, this can be a great learning opportunity and can be an important financial decision for the household, especially if you are the last dependent covered under your parent's employer group plan.

5. If I am waiving coverage under the COA Student Health Insurance Plan, do I have to provide any other information about my comparable coverage?

Yes, if you are waiving coverage, you will be required to provide additional information that is important to successfully complete the process. See **FAQ B-13**. Any additional information requests, other correspondence, and confirmation will be sent to your email address COA has on file, which is usually your college email address.

6. What is comparable coverage?

Comparable coverage is a medical plan from a company based in the United States that provides benefits without lifetime maximums or pre-existing condition limitations. Generally, comparable coverage complies with the Affordable Care Act (the ACA, also called Obamacare) and provides equivalent or richer benefits than those provided under the COA SHIP.

Your comparable coverage must have participating (In-Network) health care providers who are located in the geographic area where you attend school and must cover a range of services.

An HMO plan from your home state may not have providers that provide non-emergency health care services while you are in Maine and would not be considered comparable coverage. Other than a closed HMO Plan, most medical plans offered by employers based in the United States to employees and their dependents are considered comparable coverage. However, there are exceptions.

To be considered comparable coverage, the medical plan must cover:

- Ambulatory care (visits to doctors and other healthcare professionals, outpatient hospital care you get without being admitted);
- Emergency care;
- Hospitalization (such as surgery and overnight stays);
- Pregnancy, maternity, and newborn care (both before and after birth);
- Mental health and substance use disorder services, including behavioral health treatment (including counseling and psychotherapy);
- Prescription drugs (including brand-name drugs and specialty drugs);
- Rehabilitative and habilitative services and devices (services and devices to help people with injuries, disabilities, or chronic conditions gain or recover mental and physical skills);
- Laboratory services; and
- Preventive and wellness services and chronic disease management.

Additionally, the annual out-of-pocket limit cannot be more than \$8,700 for an individual or \$17,400 for a family.

7. What plans are not considered comparable coverage?

There are many types of plans and coverages that are not considered comparable coverage. While many of these plans provide emergency coverage worldwide, they do not cover non emergency care while you are outside of their service area. Below are examples of plan that are not considered comparable coverage:

- Travel insurance plans;
- Those health plans that only cover specific occurrences, such as accidents or certain sicknesses;
- Those that only provide emergency services (such as your home state's HMO's without providers in Maine);
- Out-of-state Medicaid plans (an exception applies if you are studying remotely in your home state);
- International plans (includes travel coverage from your home country policy);
- Health care sharing plans (Examples: Zion Health, One Share Health, Christian Healthcare Ministries);
- Plans from insurance companies not located within the United States; and
- Prescription discount plans (this is not insurance).

8. If I submit an online waiver request of the COA Student Health Insurance Plan because I have comparable coverage, will the request be verified and how long will that take?

Yes, Wellfleet verifies comparable coverage for all requests to waive coverage under the COA SHIP. You will be asked to complete a brief set of questions and to submit your identification number for your comparable medical plan. After you furnish this information, it takes a few days to verify coverage and you will be notified by email during each step of the process by Wellfleet. See **FAQ B-13**.

9. If I have comparable coverage under another medical plan, what should I consider in deciding whether to enroll in the COA Student Health Insurance Plan?

We strongly suggest that you compare your current medical coverage to the coverage provided by the COA SHIP. Information that will help you compare your current plan and the COA SHIP includes the Summary of Benefits and Coverage and/or the Schedule of Benefits for both plans. These documents list services covered and out-of-pocket-costs, such as any deductibles, copays, coinsurance, and your maximum out of pocket costs. You may find your current plan's out-of-pocket costs are higher than what you would pay if you were insured by the COA SHIP. The COA SHIP has only a \$100 annual deductible, and that won't apply to your doctor's office visit, urgent care visit, or mental health office visit categories of care – most employer-based health plans have a much higher deductible.

You also may want to consider the premium cost of your current coverage and the cost of the COA SHIP, which is **\$2,628** for coverage from **August 15, 2022 through August 14, 2023**. Student Health Insurance Plans tend to be some of the lowest cost health plans available. It may be financially beneficial for you and your family if you enroll in the COA SHIP.

You can also think about your expected health care needs. Considerations may include whether you regularly visit physicians or counselors, regularly fill prescriptions, or need other health care.

10. What impact has the Affordable Care Act (otherwise known as the ACA or Obamacare) had on Student Health Insurance Plans?

The ACA significantly changed Student Health Insurance Plans. While coverage for a comprehensive set of services was always available through SHIPs, there were usually dollar limits placed on the coverage. **Since the ACA applies to your Student Health Insurance Plan, there are no lifetime or annual dollar maximums that apply and coverage is comprehensive with benefits for at least ten essential health services, with no exclusions for pre-existing conditions.** Enrolling in the College of the Atlantic Student Health Insurance Plan satisfies both federal and state requirements that you have health insurance.

11. My home state's Health Insurance Marketplace provides individual health plans. Can they be used as comparable coverage to waive coverage under the COA SHIP?

Yes, if they cover you while you are at college. Each state's Health Insurance Marketplace provides access to ACA-compliant health insurance, so you may be able to use this insurance as comparable coverage and waive the COA SHIP. **However**, if your Marketplace insurance plan is designed to be used in the state in which it was purchased (e.g., the healthcare network of providers does not extend to your

location while you are at school and only emergency care would be covered), it *cannot* be used as comparable coverage entitling you to waive coverage under the COA SHIP.

Even if your Marketplace insurance plan would entitle you to waive, the plan's out-of-pocket cost shares and premium costs may be higher than those under the COA SHIP. ***Please closely review all plan characteristics before you make your medical insurance decision.***

You have no option to terminate coverage, unless you enter the armed forces. In that case, we will refund a pro-rated share of the paid premium.

15. If I change my mind and want to enroll instead of waive, or waive instead of enroll, what do I do? If it is before the enrollment/waiver deadline, you can contact **Wellfleet at (877) 657-5030, TTY: 711** and let them know you want to change your decision on the COA SHIP. A Wellfleet representative can guide you through the steps.

If it is after the enrollment/waiver deadline, you cannot waive after enrolling in the COA SHIP, unless you enter the armed forces. You may be able to enroll if you have had a qualifying event – please see **FAQ B-17**.

16. Can I enroll in the COA SHIP if I waived previously, but then lost comparable coverage after the enrollment/waiver period closed?

Yes, you may be able to enroll. This is called a **special enrollment period** and it is only allowed in certain circumstances. You must have lost your comparable coverage due to a **qualifying event**. Qualifying events include involuntary loss of coverage from a comparable health insurance plan for reasons such as:

- Reaching the age limit of another health insurance plan,

Section C

C. College of the Atlantic Student Health Insurance Plan (COA SHIP) Benefits

If you have decided to enroll in the College of the Atlantic Student Health Insurance Plan, the following Questions and Answers may provide helpful information about your coverage and how you can use it.

Disclosure: This is only a brief description of coverage available under Certificate form ME SHIP CERT (2022). The Certificate will contain full details of coverage, limitations, exclusions, and termination provisions. If there are any conflicts between this document and the Certificate, the Certificate governs in all cases.

18. What benefits does my College of the Atlantic Student Health Insurance Plan (COA SHIP) provide?

Your Plan coverage is fully compliant with the Affordable Care Act (ACA) and all other federal and state requirements. It pays for a variety of medical services, including:

- Preventive care services **at no cost** when you use In-Network providers including routine physicals and examinations, screenings, GYN examinations, prescription drugs and most immunizations;
- Hospital room and board and care;
- Inpatient and outpatient procedures and surgeries;
- Doctor and other health care professional office visits;
- Labs services, x-rays and imaging tests;
- Inpatient and outpatient mental health and substance use disorder services;
- Ambulance transportation;
- Emergency care and urgent care;
- Prescription drugs;
- Home healthcare;
- Rehabilitation and habilitation services;
- Maternity and childbirth services; and
- Chemotherapy and radiation treatments,

For services that are not preventive, your Plan pays for 80% of the Negotiated Charge of your eligible medical expenses, after the \$100 deductible is satisfied, when you receive care from In-Network providers - this is the advantage to using In-Network providers. When you use Out-of-Network providers, your Plan pays for 60% of the Usual and Customary Charge of your eligible medical expenses

after the \$100 deductible is satisfied, which means your out-of-pocket costs are more. Each plan year, your out-of-pocket costs are limited to **\$7,900 for In-Network care** and **\$15,800 for Out-of-Network care**, including prescription drugs.

For prescription drugs from In-Network pharmacies, you pay:

- \$0 for preventive care medications at In-Network Pharmacies;
- \$0 for Zero Cost Generic medications at In-Network Pharmacies;
- \$15 copay for a 30-day supply of Tier-1 (Generic) drugs;
- \$45 copay for a 30-day supply of a Tier-2 (Preferred Brand) drugs,
- \$75 copay for a 30-day supply of a Tier-3 (Non-Preferred) drugs; and
- \$75 copay for a 30-day supply of Specialty drugs.

Note: in some cases, your doctor must get prior authorization from the insurance company before a drug will be covered under your Plan. You can see which drugs require preapproval by visiting <http://wellfleetrx.com/students/formularies/>

19. What is a deductible and how does it work with the College of the Atlantic SHIP?

A deductible is an amount of money the insured person pays out of their pocket when they incur covered medical expenses. The deductible with the College of the Atlantic Student Health Insurance Plan is \$100 per **policy year (August 15, 2022 – August 14, 2023)**. The deductible amount is subtracted from the payment(s) the insurance company makes to your medical provider(s). Your medical provider will then send a medical bill to you for the deductible amount plus any other unpaid balance due. Once the full \$100 has been “deducted” from the payment(s) to your medical provider(s), it is considered satisfied for the policy year and won’t be applied again for the remainder of the policy year. The \$100 deductible only has to be satisfied once for the policy year. The COA SHIP has a \$100 deductible for both the In-Network benefits and the Out-of-Network benefits. If you use both In-Network and Out-of-Network services, then the \$100 deductible would need to be satisfied for both level of benefits.

20. What is a copay and how does it work with the College of the Atlantic SHIP?

A copay is an amount of money the insured person pays out of their pocket to the medical provider’s office usually at the time of the appointment. The copay with the College of the Atlantic Student Health Insurance plan is \$30 and applies each time to the charge for an *In-Network* outpatient office visit for physical or mental health. A \$30 copay will also apply to the office visit portion for each *In-Network* Urgent Care Center visit. If you are using an *In-Network* physician, mental health provider, or Urgent Care Center, the \$30 is all you will pay for the visit charge and the Deductible (**please see FAQ-C19**) will not apply. If you are using an *Out-of-Network* physician, mental health provider, or Urgent Care Center, the insurance plan will process the charges at 80% of the Usual and Customary Charge, and the \$100 deductible will be applied if not already satisfied. For Out-of-Network services, you will pay the \$100 deductible if not already satisfied, plus all the remaining balance after the insurance carrier has paid the 80% of the Usual and Customary Charge. **Note:** *If during the office visit you receive additional medical services, such as lab work, x-rays, or surgery, those additional services fall under a different category of benefit and will be subject to the deductible (if it isn’t already satisfied), and the co-insurance of 80% for In-Network providers or 60% for Out-of-Network providers.*
