Section A

A. Deciding Whether to Enroll in the Maine Maritime Academy Student Health Insurance Plan or Waive Coverage

Each year, you must decide whether to enroll in the Maine Maritime Academy Student Health Insurance Plan or waive coverage under that Plan if you already have comparable coverage. The following questions and answers may help you make that decision.

1. Do I have to enroll in or waive coverage under the MMA Student Health Insurance Plan (MMA SHIP) and what are the deadlines?

Yes, all registered enrolled undergraduate students are required to have health insurance coverage, either through the MMA SHIP or through another individual or family plan that is considered “comparable coverage”.

All registered enrolled undergraduate students are required to complete the enrollment/waiver process for MMA’s SHIP annually. During this process, you may enroll in the MMA SHIP or waive the Plan, provided that you have your own comparable coverage.

For enrolled undergraduate students attending MMA this fall, the deadline for enrollment or waiver request is **July 1, 2023**. ***If you do not enroll or complete a waiver by the deadline, you will be automatically enrolled in the Plan and will be responsible for the \$1,986 premium for coverage effective August 15, 2023 through August 14, 2024. For new students starting in the spring, the deadline for new Spring students is January 1, 2024, and the spring premium would be \$1,232 for coverage effective January 1, 2024 through August 14, 2024.***

2. Am I considered an enrolled undergraduate student?

If you are registered and taking nine (9) or more credits at Maine Maritime Academy, you are considered an enrolled undergraduate student who must either enroll in the Student Health Insurance Plan or waive coverage.

3. Why does MMA require health insurance for all enrolled undergraduate students?

MMA requires that all enrolled undergraduate students have comprehensive health insurance coverage while enrolled, including coverage for both emergency and non-emergency care, to ensure that you have coverage for local care to meet your health care needs while at college.

4. If I am an enrolled undergraduate international student, do I need to enroll in or waive coverage under the Maine Maritime Academy Student Health Insurance Plan (MMA SHIP)?

Yes, if you are an enrolled undergraduate international student, you are required to complete the enrollment/waiver process. The vast majority of international students will need to enroll in the MMA SHIP. Only those international students who are covered by an embassy-sponsored health plan or other comparable coverage that is based in the United States are able to waive coverage under the MMA SHIP.

5. Can my parent complete the waiver or enrollment process for me?

No, while it is a great idea to have your parent involved in helping you decide whether to enroll in the MMA SHIP, privacy laws require that you complete the waiver or enrollment process. There are instructions on how to complete the enrollment or waiver process in **FAQ B-13**.

If you are covered as a dependent on your parent's employer group medical insurance plan, you might have limited information about the medical insurance. With parental involvement, this can be a great learning opportunity and can be an important financial decision for the household, especially if you are the last dependent covered under your parent's employer group plan.

6. If I am waiving coverage under the MMA Student Health Insurance Plan, do I have to provide any other information about my comparable coverage?

Yes, if you are waiving coverage, you will be required to provide additional information that is important to successfully complete the process. See **FAQ B-13**.

7. What is comparable coverage?

Comparable coverage is a medical plan from a company based in the United States that provides benefits without lifetime maximums or pre-existing condition limitations. Generally, comparable coverage complies with the Affordable Care Act (the ACA, also called Obamacare) and provides equivalent or richer benefits than those provided under the MMA SHIP.

Your comparable coverage should have participating (In-Network) health care providers who are located in the geographic area where you attend school and must cover a range of services.

An HMO plan from your home state may not have providers that provide non-emergency health care services while you are in Maine and would not be considered comparable coverage. Other than a closed HMO Plan, most medical plans offered by employers based in the United States to employees and their dependents are considered comparable coverage. However, there are exceptions.

To be considered comparable coverage, the medical plan should cover:

- Ambulatory care (visits to doctors and other healthcare professionals, outpatient hospital care you get without being admitted);
- Emergency care;
- Hospitalization (such as surgery and overnight stays);
- Pregnancy, maternity, and newborn care (both before and after birth);
- Mental health and substance use disorder services, including behavioral health treatment (including counseling and psychotherapy);
- Prescription drugs (including brand-name drugs and specialty drugs);
- Rehabilitative and habilitative services and devices (services and devices to help people with injuries, disabilities, or chronic conditions gain or recover mental and physical skills);
- Laboratory services; and
- Preventive and wellness services and chronic disease management.

Additionally, the annual out-of-pocket limit should not be more than \$9,100 for an individual or \$18,200 for a family.

8. What plans are not considered comparable coverage?

There are many types of plans and coverages that are not considered comparable coverage. While many of these plans provide emergency coverage worldwide, they do not cover non-emergency care while you are outside of their service area. Below are examples of plan that are not considered comparable coverage:

- Travel insurance plans;
- Those health plans that only cover specific occurrences, such as accidents or certain sicknesses;
- Those that only provide emergency services (such as your home state's HMO's without providers in Maine);
- Out-of-state Medicaid plans (an exception applies if you are studying remotely in your home state);
- International plans (includes travel coverage from your home country policy);
- Health care sharing plans (Examples: Zion Health, One Share Health, Christian Healthcare Ministries);
- Plans from insurance companies not located within the United States; and
- Prescription discount plans (this is not insurance).

9. If I have comparable coverage under another medical plan, what should I consider in deciding whether to enroll in the MMA Student Health Insurance Plan?

We strongly suggest that you compare your current medical coverage to the coverage provided by the MMA SHIP. Information that will help you compare your current plan and the MMA SHIP includes the Summary of Benefits and Coverage and/or the Schedule of Benefits for both plans. These documents list services covered and out-of-pocket-costs, such as any deductibles, copays, coinsurance, and your

maximum out of pocket costs. You may find your current plan's out-of-pocket costs are higher than what you would pay if you were insured by the MMA SHIP. The MMA SHIP has only a \$100 annual deductible, and that won't apply to your doctor's office visit, urgent care visit, or mental health office visit categories of care – most employer-based health plans have a much higher deductible.

You also may want to consider the premium cost of your current coverage and the cost of the MMA SHIP, which is **\$1,986** for coverage from **August 15, 2023 through August 14, 2024**. Student Health Insurance Plans tend to be some of the lowest cost health plans available. It may be financially beneficial for you and your family if you enroll in the MMA SHIP.

You can also think about your expected health care needs. Considerations may include whether you regularly visit physicians or counselors, regularly fill prescriptions, or need other health care.

10. What impact has the Affordable Care Act (otherwise known as the ACA or Obamacare) had on Student Health Insurance Plans?

The ACA significantly changed Student Health Insurance Plans. While coverage for a comprehensive set of services was always available through SHIPs, there were usually dollar limits placed on the coverage. ***Since the ACA applies to your Student Health Insurance Plan, there are no lifetime or annual dollar maximums that apply and coverage is comprehensive with benefits for at least ten essential health services, with no exclusions for pre-existing conditions.*** Enrolling in the Maine Maritime Academy Student Health Insurance Plan satisfies both federal and state requirements that you have health insurance.

11. My home state's Health Insurance Marketplace provides individual health plans. Can they be used as comparable coverage to waive coverage under the MMA SHIP?

Yes, if they cover you while you are at college. Each state's Health Insurance Marketplace provides access to ACA-compliant health insurance, so you may be able to use this insurance as comparable coverage and waive the MMA SHIP. **However**, if your Marketplace insurance plan is designed to be used in the state in which it was purchased (e.g., the healthcare network of providers does not extend to your location while you are at school and only emergency care would be covered), it **should not** be used as comparable coverage entitling you to waive coverage under the MMA SHIP.

Even if your Marketplace insurance plan would entitle you to waive, the plan's out-of-pocket cost shares and premium costs may be higher than the those under the MMA SHIP. ***Please closely review all plan characteristics before you make your medical insurance decision.***

If it is after the enrollment/waiver deadline, you cannot waive after enrolling in the MMA SHIP, unless you enter the armed forces. You may be able to enroll if you have had a qualifying event – please see **FAQ B-16**.

16. Can I enroll in the MMA SHIP if I waived previously, but then lost comparable coverage after the enrollment/waiver period closed?

Yes, you may be able to enroll. This is called a **special enrollment period** and it is only allowed in certain circumstances. You must have lost your comparable coverage due to a **qualifying event**. Qualifying events include involuntary loss of coverage from a comparable health insurance plan for reasons such as:

- Reaching the age limit of another health insurance plan,
- Loss of health insurance through due to a job loss/change.

You can enroll within 30 days of the loss of coverage. When enrolling in the MMA SHIP, you must first contact MMA's student billing office and also submit to Wellfleet a letter from the carrier showing your dates of coverage (including the end date).

17. If I have dependents, is coverage under the MMA Student Health Insurance Plan available for my family?

No, at this time, coverage is not available for your dependents, such as your spouse, domestic partner or your children.
