Section A

A. Deciding Whether to Enroll in the Husson University Student Health Insurance Plan or Waive Coverage

Each year, you must decide whether to enroll in the Husson University Student Health Insurance Plan or waive coverage. The following questions and answers may help you make that decision.

Disclosure:

This is a brief description of the Student Health Plan. The plan is available for Husson University students. The plan is insured by Wellfleet Student. The exact provisions, including definitions, governing this insurance are contained in the Certificate and may be viewed online at www.wellfleetstudent.com. If there is a difference between this description and the Certificate, the Certificate will control.

1. Do I have to enroll in or waive coverage under the Husson University Student Health Insurance Plan (Husson SHIP) and what are the deadlines?

All full-time Graduate students enrolled in 6 or more credit hours and all Undergraduate students enrolled in 9 or more credit hours are required to have health insurance coverage, either through the Husson SHIP or through another individual or family plan.

All full-time Graduate students enrolled in 6 or more credit hours and all Undergraduate students enrolled in 9 or more credit hours are required to complete the enrollment/waiver process for Husson's SHIP annually. During this process, you may enroll in the Husson SHIP or waive the Plan, provided that you have your own coverage.

The deadline for enrollment or waiver request is **September 10, 2025**. *If you do not enroll or complete a waiver by the deadline, you will be automatically enrolled in the Plan and will be responsible for the \$3,784 premium for coverage effective August 1, 2025 through July 31, 2026.*

2. Why does Husson University require health insurance for students?

Husson requires students to have comprehensive health insurance coverage while enrolled to ensure that you have coverage for local care to meet your health care needs while at college.

3. If I am a full-time international student, do I need to enroll in or waive coverage under the Husson University Student Health Insurance Plan (Husson SHIP)?

Yes, if you are a full-time international Grad student enrolled in 6 or more credit hours or an international undergraduate student enrolled in 9 or more credit hours, you are required to complete the enrollment/waiver process. The vast majority of international students will need to enroll in the Husson SHIP. Only those international students who are covered by an embassy-sponsored health plan or other comparable coverage that is based in the United States are able to waive coverage under the Husson SHIP.

4. Can my parent complete the waiver or enrollment process for me?

No, while it is a great idea to have your parent involved in helping you decide whether to enroll in the Husson SHIP, privacy laws require that you complete the waiver or enrollment process. There are instructions on how to complete the enrollment or waiver process in **FAQ B-14**.

If you are covered as a dependent on your parent's employer group medical insurance plan, you might have limited information about the medical insurance. With parental involvement, this can be a great learning opportunity and can be an important financial decision for the household, especially if you are the last dependent covered under your parent's employer group plan.

5. If I am waiving coverage under the Husson University Student Health Insurance Plan, do I have to provide any other information about my coverage?

Yes, if you are waiving coverage, you will be required to provide additional information that is important to successfully complete the process. See **FAQ B-14**. Any additional information requests, other correspondence, and confirmation will be sent to your email address Husson has on file, which is usually your college email address.

6. What is comparable coverage?

Comparable coverage is a medical plan from a company based in the United States that provides benefits without lifetime maximums or pre-existing condition limitations. Generally, comparable coverage complies with the Affordable Care Act (the ACA, also called Obamacare) and provides equivalent or richer benefits than those provided under the Husson SHIP.

Comparable coverage should have participating (In-Network) health care providers who are located in the geographic area where you attend school and should cover a range of services.

An HMO plan from your home state may not have providers that provide non-emergency health care services while you are in Maine and would not be considered comparable coverage. Other than a closed HMO Plan, most medical plans offered by employers based in the United States to employees and their dependents are considered comparable coverage. However, there are exceptions.

To be considered comparable coverage, the medical plan must cover:

- Ambulatory care (visits to doctors and other healthcare professionals, outpatient hospital care you get without being admitted);
- Emergency care;
- Hospitalization (such as surgery and overnight stays);
- Pregnancy, maternity, and newborn care (both before and after birth);
- Mental health and substance use disorder services, including behavioral health treatment (including counseling and psychotherapy);
- Prescription drugs (including brand-name drugs and specialty drugs);
- Rehabilitative and habilitative services and devices (services and devices to help people with injuries, disabilities, or chronic conditions gain or recover mental and physical skills);
- Laboratory services; and
- Preventive and wellness services and chronic disease management.

7. What plans are not considered comparable coverage?

There are many types of plans and coverages that are not considered comparable coverage. While many of these plans provide emergency coverage worldwide, they do not cover non emergency care while you are outside of their service area. Below are examples of plan that are not considered comparable coverage:

- Travel insurance plans;
- Those health plans that only cover specific occurrences, such as accidents or certain sicknesses;
- Those that only provide emergency services (such as your home state's HMO's without providers in Maine);
- International plans (includes travel coverage from your home country policy);
- Health care sharing plans (Examples: Zion Health, One Share Health, Christian Healthcare Ministries);
- Plans from insurance companies not located within the United States; and
- Prescription discount plans (this is not insurance).

8. If I submit an online waiver request of the Husson University Student Health Insurance Plan because I have coverage, will the request be verified and how long will that take?

Yes, Wellfleet verifies coverage for all requests to waive coverage under the Husson SHIP. You will be asked to complete a brief set of questions and to submit your identification number for your medical plan. After you furnish this information, it takes a few days to verify coverage and you will be notified by email during each step of the process by Wellfleet. See **FAQ B-14**.

9. If I have coverage under another medical plan, what should I consider in deciding whether to enroll in the Husson University Student Health Insurance Plan?

We strongly suggest that you compare your current medical coverage to the coverage provided by the Husson SHIP. Information that will help you compare your current plan and the Husson SHIP includes the Summary of Benefits and Coverage and/or the Schedule of Benefits for both plans. These documents list services covered and out-of-pocket-costs, such as any deductibles, copays, coinsurance, and your maximum out of pocket costs. You may find your current plan's out-of-pocket costs are higher than what you would pay if you were insured by the Husson SHIP. The Husson SHIP has only a \$250 annual deductible, most employer- based health plans have much higher deductibles. The Out-of-Pocket Maximum is \$6,500. Many employer-based plans will go as high as \$9,200 for their Out-of-Pocket Maximum.

You also may want to consider the premium cost of your current coverage and the cost of the Husson SHIP, which is **\$3,784** for coverage from **August 1, 2025 through July 31, 2026**. Student Health Insurance Plans tend to be some of the lowest cost health plans available. It may be financially beneficial for you and your family if you enroll in the Husson SHIP.

You can also think about your expected health care needs. Considerations may include whether you regularly visit physicians or counselors, regularly fill prescriptions, or need other health care.

10. What impact has the Affordable Care Act (otherwise known as the ACA or Obamacare) had on Student Health Insurance Plans?

The ACA significantly changed Student Health Insurance Plans. While coverage for a comprehensive set of services was always available through SHIPs, there were usually dollar limits placed on the coverage. ***Since the ACA applies to your Student Health Insurance Plan, there are no lifetime or annual dollar maximums that apply and coverage is comprehensive with benefits for at least ten essential health services, with no exclusions for pre-existing conditions.*** Enrolling in the Husson University Student Health Insurance Plan satisfies both federal and state requirements that you have health insurance.

11. My home state's Health Insurance Marketplace provides individual health plans. Can they be used as comparable coverage to waive the Husson SHIP?

Yes, if they cover you while you are at college. Each state's Health Insurance Marketplace provides access to ACA-compliant health insurance, so you may be able to use this insurance as coverage and waive the Husson SHIP. **However**, if your Marketplace insurance plan is designed to be used in the state in which it was purchased (e.g., the healthcare network of providers does not extend to your location

while you are at school) then it is likely only emergency care would be covered outside of your State, so you need to be aware of the limited coverage.

Your Marketplace insurance plan may have higher out-of-pocket cost shares and premium costs than those under the Husson SHIP. ***Please closely review all plan characteristics before you make your medical insurance decision.***
